With jam in,  
with jam in and I hope you like jam too  
everyday I go to greggs, to buy a bag of doughnuts  
just to keep you satisfied  
with jam in,  
with jam in and I hope you like doughnuts too.

I like my doughnuts with jam in  
nothing ever gonna beat that  
don't think you can fob me off  
with a ring doughnut  
not even a custard one  
the only doughnut that I eat  
is with jam in the middle.

So if I really, really like it  
then I really gonna buy it  
that's just me  
I have a sweet tooth  
what can I say.

With jam in,  
with jam in and I hope you like jam too  
everyday I go to greggs, to buy a bag of doughnuts  
just to keep you satisfied  
with jam in,  
with jam in and I hope you like doughnuts too.

I like my doughnuts with jam in  
their is no other way  
off to greggs to buy a bag of four.

So if I really, really like it  
then I really gonna buy it  
that's just me I really like my doughnuts  
with jam in.
